Requestor: Morgan Chegwidden, Assistant Director of Neighborhood Services, Neighborhood and Family Services, 325-657-4224

Meeting Date: May 17, 2018

Item type: Regular Item

---

**Caption:**

Discussion and possible action on positive rabies specimens for 2018.

**Summary/History:**

As requested at a prior meeting, this agenda item serves to describe the positive rabies specimens that we've collected this year. Year-to-date, our community has four confirmed specimens which tested positive for rabies. There has not been any human exposure in any of these instances.

Specimen 3875  
January 23, 2018  
Paul Ann Neighborhood  
Skunk  
Confirmed exposure to pet dog  
Dog was current on rabies vaccine, held in home isolation for 45 days

Specimen 3881  
February 27, 2018  
Near Goodfellow Air Force Base  
Skunk  
No human or other animal exposure, observed behaving suspiciously

Specimen 3888\*
